FREE VACCINES FOR LIFE KITTEN WELLNESS PLAN

- A **15% discount** on Kitten Wellness Plan (KWP) services & products (excluding the FreeVax enrollment) is included with the package purchase.
- Your pet will also receive a **10% discount** on all additional services & products (including spay/neuter), not outlined in the KWP, for **ONE YEAR** from date of purchase.
- With the purchase of this plan, you will also receive **100 pet points** with our LSAH Rewards (pet points are redeemable for a variety of discounts). To acquire & redeem pet points you must be enrolled in our LSAH Rewards Loyalty Program via the PetDesk app.
- This KWP program includes the Free Vaccine for Life program and does require that the FreeVax contract be read and signed.
- This KWP is designed to be **paid in full** at the first visit.
- **This program is designed for the health of your pet and to provide you with a valuable service. No refunds, adjustments, deletions, or substitutions of vaccines, services, or products will be allowed.**

Additional Information:

- The age of spay and neuter recommendations will depend on the breed, size and health of your pet.
- You will receive friendly reminders for future veterinary services including vaccines throughout the duration of our doctor/patient relationship.
- ***NOTE: It is extremely important not to go beyond 4 weeks between visits because of the 'boostering' effects of the vaccines. If you miss a scheduled visit, you may incur additional costs for a health exam and your pet may be required to start the vaccine series over again.***
- By signing this form you are consenting to the KWP program and the FreeVax program.
